

## Total Pivot Management At Your Fingertips

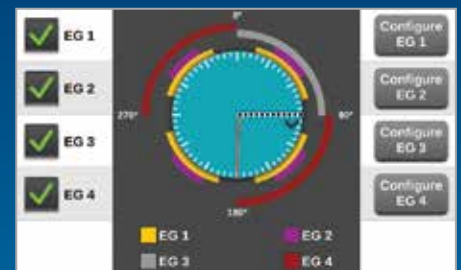

### Big technology on a compact screen

The Valley<sup>®</sup> ICON5 puts all your menu functions front and center. With simple soft-touch buttons and a touchscreen interface at the pivot point, you can control your center pivot with precision. The ICON5 gives you robust technology in a compact screen.

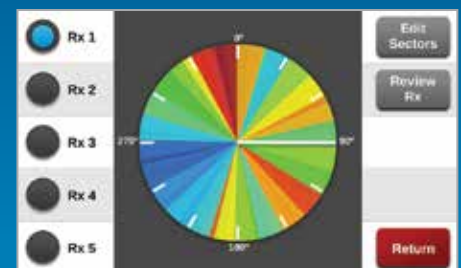

#### Key Features:

- 5-inch, full-color touchscreen display
- Intuitive user interface
- Soft-touch buttons for feature selection and navigation
- AgSense<sup>®</sup> built in – ICON Link installed standard\*
- BaseStation3™ compatibility\*
- Variable rate irrigation (VRI) capability
- Cable theft monitoring\*

\* Additional hardware or subscription required.

End Gun Programming

VRI Speed Control Programming

## A comprehensive combination of soft-touch navigation and ultimate control

The soft-touch buttons of the Valley ICON5 provide ease in panel interaction, giving you confidence at the pivot point. The simple, quick touch menu structure provides ultimate control from setting basic functions to VRI prescriptions to step programs.

AgSense, a smart irrigation solution from Valley, is built into every Valley ICON<sup>®</sup> panel. If you are running BaseStation3, your panel will ship ready for simple integration into BaseStation3.

### Every ICON5 control panel is equipped with:

- Customizable home screen
- GPS position readiness
- Auto reverse/Auto stop
- Patented Valley Cruise Control™

A consistent interface and access to real-time data is available across all of your devices from anywhere in the world.

#### MONITOR

Access real-time status of your pivot and other inputs.

#### CONTROL

Control your irrigation machine from your mobile device or desktop.

#### REPORT

Learn from your past with historical data in easy-to-read, customizable formats.
